4.0 ASSESSMENT FEES

4.1 All organizations seeking accreditation or reaccreditation by SAAS shall be assessed through document review and on and off site audits.

4.2 For all activities involved in the assessment process, the number of days spent by the team for the assessment process will be charged. The number of audit days calculated by SAAS consists of the days estimated to be needed for the audit-related activities, the days that the members of the team need for preparation and reporting, the days spent traveling, as well as time for follow up, review of corrective actions and/or management of other related activities.

4.3 Prior to assessment, SAAS will provide the applicant or accredited organization with an estimate of calculated days involved in the assessment. The invoice shall be based upon this estimation. The process of the assessment or follow up activities required for the verification of non-conformities may deviate from the estimated number of audit days.

4.4 Should deviations from the estimate occur, the applicant or accredited organization shall be charged for actual time spent conducting the assessment and follow-up, and a revised invoice shall be sent to the applicant or accredited organization. The applicant or accredited organization shall be required to pay the invoice for actual time spent. In the case that an invoice was issued and paid for more time than was necessary, a credit will be issued against future invoices.

4.5 The minimum amount of time that is invoiced is generally for four hours (or half a day). In some cases, SAAS may make the exception and invoice time for two hours (or a quarter of a day).

4.6 Time spent by SAAS office staff, not being a member of the assessment team, on an assessment (scheduling, preparation, and support) is not normally charged. However, in certain circumstances, as a result of the performance of the applicant or accredited body, the SAAS head office staff, client manager or accreditation auditor needs to spend an above average amount of time on an assessment process, this time will be charged based on the fees below. SAAS shall notify the CB in such cases and provide an explanation for the invoice.

4.7 The assessment fees are excluding travel expenses and accommodation. Actual travel and accommodation expenses are charged.

4.7.1 In addition to the fees below, airfares for on-site audits are purchased within a reasonable time frame of the expected audit.

4.7.2 SAAS may invoice accredited and applicant organizations in advance of the assessment for airfares purchased by auditors.

### 6.0 PAYMENT POLICIES

#### 6.1 ASSESSMENT FEES

- SAAS shall issue the draft schedule of fees as soon as the assessment is confirmed and the Finance Department shall issue the related invoice based upon this draft schedule to the applicant or accredited organization.
- SAAS shall proactively obtain formal acceptance of the schedule of fees from the organization prior to carrying out the audit.
  - Accredited or applicant organizations are given a period of 5 days to review and dispute the schedule of fees and related invoice, as per 7.0 below.
  - If acceptance is not proactively received by SAAS within a period of 5 days, it shall be considered an implicit acceptance.
  - Exceptions are for audits scheduled within 2 weeks of receipt of the schedule of fees and invoice. In those cases, the accredited or applicant organization shall have 2 days to accept the schedule of fees and invoice or lodge a dispute with SAAS.

#### 6.2 TRAVEL AND ACCOMODATION EXPENSES

- The Finance Department shall issue the invoices related to travel and other related expenses to the applicant or accredited organization upon receipt of these expenses from the SAAS accreditation auditor.

#### 6.3 DUE DATE OF INVOICES

- The due date for all SAAS invoices shall be 30 days from the date the invoice was issued and the due date shall be clearly indicated on the invoice.
- If payment has not been received within 15 days of the due date (i.e., 45 days from the day the invoice is sent), a warning notification will be sent advising the applicant or accredited organization that it is out of compliance and they risk suspension, with 15 days for the organization to remedy the outstanding payment (i.e., 60 days from the day the invoice is sent and 30 days past the due date). In addition, interest will accumulate on the outstanding fees, so that every 30 days past the due date, an additional 1% interest will accrue.
- If payment has not been received within 60 days of the due date (i.e., 60 days from the day the invoice is sent), this will automatically result in the suspension of the accredited organization. If the organization is an applicant, SAAS shall immediately suspend the
application process. This suspension shall be communicated via a suspension letter, with information being placed on the SAAS website. This suspension shall continue unless the CB can provide evidence of having initiated payment through the banking system (only for cases where foreign exchange controls might result in bureaucratic delays). SAAS shall utilize its suspension processes as per Procedure 210.

6.4 COSTS IN CASE OF CANCELLATION OF ASSESSMENTS

6.4.1 Should an audit be cancelled or expenses be increased due to unforeseen circumstances, the CB shall be responsible for all related expenses.

6.4.1.1 Unforeseen circumstances shall be defined as: “acts of God” or natural disaster or armed conflict or force majeure.

6.4.1.2 SAAS personnel shall try and reduce such costs where available (example: rescheduling flights etc).

6.4.2 The CB shall be responsible for actual travel and accommodation expenses incurred prior to the cancellation.

6.4.3 In the case of an assessment that has been confirmed by SAAS in writing, is cancelled by the applicant or accredited organization, SAAS shall invoice the following costs:

<table>
<thead>
<tr>
<th>Cancellation more than 2 weeks prior to the first day of the scheduled assessment:</th>

7.2 All disputes related to invoices must be raised within 5 days of receipt of the invoice to be considered by SAAS.

7.3 Any queries or disputes regarding assessment-related fees must be raised by the applicant or accredited organization and resolved prior to the assessment taking place.

7.3.1 If the dispute cannot be resolved prior to the audit, and the organization wishes to continue with the assessment process, the invoice shall be accepted for payment and settled on time. If the outcome of the dispute process results in a reduction of the invoice, the accredited or applicant organization shall be credited or issued a refund for the difference.

7.3.2 In the event that SAAS and the accredited or applicant organization cannot agree on the terms of payment for an assessment and the assessment is subsequently cancelled, the organization shall be responsible for all expenses incurred by SAAS and its staff as they relate to the cancelled audit, including but not limited to travel expenses. Details are as above.

7.4 Travel-related expenses inherently can only be invoiced after the expense has been incurred. Such invoices shall be accepted by the CB for payment and settled on time. A CB may lodge a dispute based upon the travel expenses.
